

# HOMER CITY COMMUNITY GARDEN & LEARNING CENTER

## GARDEN UPKEEP CREW

You will be asked to choose a day or two to visit the garden each week. You will need to water, weed, prune & harvest plants as needed. We will happily teach you how to do these things if you aren't sure how. You will be responsible for contacting other volunteers to cover your "shift" if you cannot visit on your scheduled day. We encourage you to photograph anything relevant & send it to our inbox to be posted & shared with everyone.

### *Some Tasks May Include:*

WATER	PHOTO HARVEST	TRASH CLEAN UP
WEED	MANAGE VOLUNTEERS	PRUNE
HARVEST	CONTACT INFO	CONTACT VFD FOR WATER

We would be thrilled to have you join our community garden initiative as a volunteer, & we look forward to working together in nurturing & cultivating this shared space! In the coming weeks, you can expect to receive communication from us about the specific activity you have generously chosen to assist with. We aim to gather information regarding your preferences, preferred time commitment, such as the number of hours per week/month & the duration of your involvement. This will enable us to create a well-organized & cohesive plan that accommodates your availability & ensures the success of our collective efforts. Thank you again for your invaluable contribution, & we eagerly anticipate embarking on this rewarding journey with you.
